

## Heroic Deadlines

(Festive Greetings)

My book may be called *Heroic Misadventures\**  
but the sub-title means much more.  
*Australia: Four Decades – Full Circle*  
indicates the truths which are in store.

The *Four Decades – Full Circle* theme  
recently emerged clearly.  
Political policy mistakes of the '70s  
cost following generations dearly.

Many productive Australians driven offshore.  
A mid-term respite rescued those who survived.  
Briefly, enterprise was actually encouraged  
so this generation really thrived.

But again we see political maniacs.  
'70s mistakes repeated; it's very worrying.  
Their desperate drive for tax revenue  
again sends our best and brightest scurrying.

So my thanks to those volunteers  
who launched this book in many places,  
John Bowler, Steve Kates, Steven Schwartz, Gina Rinehart  
and Richard Court bringing smiles to so many faces.

Now I hope you enjoy this book,  
that you find truth in my every line,  
and may it strengthen the bonds which exist  
between your own loved ones and mine.
